- (a) 144 Constituency projects were listed for the verification exercise, 105 were completed resulting in the creation of 4,103 direct jobs and 12,101 indirect jobs;
- (b) 31 projects in Abia, Akwa Ibom, Anambra, Bayelsa, Bauchi, Borno, Edo, Imo, Kebbi, Kwara, Sokoto, Niger and Yobe could not be visited, due to security challenges;

- (d) 3 Constituency projects in Ebonyi, Kwara and Niger States were completed and are yet to be commissioned for use.

8.0 CHALLENGES

8.1 The following factors were found to have hindered the effective execution and performances of most of the projects monitored;

(a) Non Availability of Project Vehicles in the Field Offices for Site Visit

Field Office Controllers in Delta, Edo, Cross River, Kogi, Kwara and Osun States, could not provide project vehicles to take the monitoring officers to project site because the vehicles were grounded.

(b) Completed Projects That Were Yet to be Commissioned for Use

Some projects were completed but not commissioned for use. The projects are:

- i. Construction of 4 Nos. Skill Acquisition Centre Okposhi Ebonyi State;
- ii. Construction of 1 No. Maternity Centre Agaie/Lapai Fed. Constituency, Niger State; and
- iii. Construction of 2 Nos. Skills Acquisition Centres Erinle-Oyan LGA, Omupo- Oyun LGA, Kwara State.

(c) Projects Not Visited Due to the Retirement of Field Officers

11 projects in Cross River, Ogun, Nassarawa, and Oyo were not visited due to the fact that the Field officers meant to lead the Monitoring Team to site have retired from the service. This affected the monitoring of the projects in the areas.

(d) Projects Not Visited Due to Security Challenges

31 projects in Abia, Akwa Ibom, Anambra, Bayelsa, Bauchi, Borno, Edo, Imo, Kebbi, Kwara, Sokoto, Niger and Yobe could not be visited, due to security challenges.

9.0 RECOMMENDATIONS

9.1. Based on the foregoing observations/findings and challenges, the team are hereby making the following recommendations for the consideration of the Management:

- (a) there is need for a Monitoring Team comprising of PRS Department and Special Project Unit (SPU) to revisit some completed Constituency projects awarded in the year 2022, that were yet to be commissioned for use, with the view of liaising with the Senators and Honourable Members of the National Assembly that

attracted the projects and ensure that they are Commissioned for use to avoid deterioration;

- (b) there is need for the recruitment and posting of professionals to Field Offices where there are vacancies, to ensure that supervision of projects were not hindered;
- (c) Project vehicles should be allocated to Field Offices that do not have, for effective supervision of projects and others Field operations;
- (d) the operations of the Field Offices should be adequately funded, to enable service improvement and increase in productivity; and
- (e) The Monitoring and Evaluation team could be asked to monitor those Projects that were not visited in the last exercise, as well as Capital Projects awarded by the Ministry in year 2023- 2024.

10.0 CONCLUSION

10.1. The Monitoring and Evaluation team wishes to express its gratitude to the Management for the confidence reposed on the members/staff to carry out this Project Monitoring Exercise. We sincerely hope the Management would consider the need to expedite actions towards the implementation of its recommendations.
